For Mason and transfer courses for which a direct equivalency has been denied. A lower level class substituted for an upper level class does not fulfill upper level credit requirements. Check your degree evaluation on Patriot Web to see if this request has been approved and processed.

Note: Students should attach a course description for transfer courses.

SUBSTITUTIONS (Course content of two courses is not equal, but substituting course may be used to meet the requirement. University General Education requirements that are being substituted by a Mason Course require Associate Provost approval.)
