Financial Aid For Summer Sessions

Due to the unique scheduling of the Malta program the Office of Student Financial Aid will use a three semester (one academic year) budget to maintain compliance with federal regulations governing student loans
• Students who apply for financial aid by submitting the FAFSA application, or, securing a private loan, will receive loan funds up to their maximum Cost of Attendance for the year in which they intend to enroll in the Dual Degree Program.
• In order to receive an additional loan for the summer term (June-completion of the program) students will need to submit another loan application. This can be done according to the following instructions:
  o Students can expect to receive a summer aid request form via email the Office of Student Financial Aid towards the end of the spring semester (mid-April). The form can be completed and emailed to your financial aid counselor (http://financialaid.gmu.edu/contact-us/) indicating the
number of credits the student intends to enroll in during the summer session.

- If you have not received this information by mid-April, please contact your financial aid counselor.
- Any student who has exhausted their unsubsidized loan eligibility for the year may apply for a Graduate PLUS loan via
  http://www.studentloans.gov, or, a private loan from their lender of choice

- Once the Office of Student Financial Aid has received both summer request form and your loan application we will process your final loan payment for summer. Assuming all paperwork is submitted within a timely manner, the estimated disbursement date for summer loans is approximately the beginning of June.
